THE MASTER UPHOLSTERER

*For Upholstery, Loose Covers and Leathers*

*...is one of Scotland's best established upholstery, loose cover and leather companies. The Dykes family has been making furniture since the First World War, and Anthony has over 25 years experience in the trade, starting as an apprentice upholsterer and learning the traditional skills of his craft from the beginning. The re-upholstery business began as a service to customers who owned Dykes furniture and expanded quickly to meet the demand for quality work. Today, re-upholstery, loose covers, leathers, French polishing and general restoration work is carried out on furniture of all kinds and from all manufacturers.*

## *Traditional upholstery craftsmanship*

*All upholstery, loose cover and leather work is carried out by Anthony's team of highly skilled and experienced craftspeople using traditional skills and materials. Most requirements are completed within 2 to 3 weeks of receipt of fabric.*

## THE PROFESSIONAL SOLUTION

## *Fabrics and Leathers*

*With one of the most extensive selection of fabrics for upholstery and loose covers in the United Kingdom your options are almost unlimited. You can choose from major brand names, designer ranges and an exotic world wide selection from locations as far apart as North America, Europe and Australia.*

*At Anthony Dykes, we also specialise in upholstery using the finest hides. Whatever material you choose, designs range from the traditional to the latest styles.*

*Whether it's fabric or leather, we can supply samples so that you can choose in the comfort of your own home, and compare materials with your existing decor. If you prefer, you can, of course, visit our show room to make your choice.*

## *Loose Covers*

*For easy cleaning and the option to change your styles quickly and easily, the flexibility of loose covers could be the ideal solution for your sofas or chairs. Individually hand tailored, each of our covers are made to measure to give your furniture the perfect fit. Nearly all of our upholstery covers are machine washable which makes regular cleaning really easy.*

*At Anthony Dykes we can fit almost any style and we will be delighted to give you a quotation for this excellent practical alternative.*

## *Stainguard Service*

*For protection against the slips and spills of everyday life, we recommend having your furniture treated with Stainguard.*

*We can include Stainguarding when we upholster or loose cover your suite, or provide it as a separate service.*

## Why Re-upholster ?

If you own good furniture which is a little past it's best or no longer fits your colour scheme, re-upholstery or loose covers are cost-effective alternatives to replacement. And when you deal direct with us, there's no retailer's margin to pay. As well as saving you money, re-upholstery or loose covers can give you years more enjoyment of the furniture you love - and which you know is right for your room and lifestyle.

Remember how comfortable your furniture was when you bought it? We'll restore it to the original level - if not better. As master upholsterers with a wealth of experience, using the finest materials available from a virtually unlimited range of coverings, Anthony Dykes and his team will bring new life to your well-loved furniture.
